

Increase Your Sales

Build Revenue

Make your business the go-to supplier for all your customers. Jan-Mar can access tens of thousands of SKUs so that you can become the one-stop shop your customers want you to be. Watch their increasing loyalty translate into your increasing sales and profitability.

We know your customers want answers, specifications and quotes fast. Or they go elsewhere. We built our inside sales team to reply quickly to requests for quotations. How quickly? Here's our policy:

- >> If we stock the item in our warehouses, you'll have a quote within hours.
- >> If we don't stock the item, or you're placing a large order, we'll quote within 48 hours.

Contact a member of our sales team. We'll leverage our relationships with manufacturers to help you close new business.

Call us today for all your janitorial/sanitation, packaging and safety product needs.
